Employee deductions (withheld separately) include SSC (7.5%, capped) and progressive income tax (5%-30%), with generous personal exemptions (JOD 9,000 individual + JOD 9,000 dependents).

Income Tax

Jordan applies progressive income tax rates from 5% to 30%, with substantial personal and family exemptions (JOD 9,000 each) that mean many middle-income employees pay little or no tax after allowances.

Termination & Separation

Employees are entitled to severance pay equal to half a month's salary for each year of service, with a minimum of 2 months plus 30 days' pay if the employer does not provide the required notice period. Jordan has no separate end-of-service gratuity scheme (unlike several GCC neighbours) — severance is calculated purely on tenure.
